

SUONG RANET

Address: Sangkat Tuol Sangke, Khan Russey Keo, Phnom Penh

Contact: +(855)964888551, suongranet98@gmail.com

Summary

Software Development student at Norton University with an interest in full-stack web development and modern web technologies. Experienced in building web applications using React.js, TypeScript, Tailwind CSS, Node.js, Express.js, and PostgreSQL. Familiar with developing REST APIs, JWT authentication, database operations, and integrating frontend applications with backend services. Eager to gain real-world experience, contribute to development teams, and continue improving software development skills through internships and projects.

Technical Skills

- Programming
JavaScript, Java, Typescript
- Front-end
HTML, CSS, Bootstrap, Tailwind CSS, ReactJS
- Back-end
Node.js (Express), Java (Spring Boot)
- Database
MySQL, PostgreSQL, Neon Postgres

Languages

- Khmer-Native
- English-basic

Education

Koub High School

High School Diploma
2020 – 2022

Norton University – Phnom Penh

Bachelor Degree in Software Development
2023 – Present

Practical Experience

- Developed responsive web applications using React.js, TypeScript, HTML, CSS, and Tailwind CSS.
- Built and tested REST APIs using Node.js, Express.js, TypeScript, and PostgreSQL.
- Designed and worked with CRUD operations, database queries, validation, and user role management.
- Implemented user registration and login with JWT authentication and password hashing.
- Integrated frontend applications with backend APIs using Axios.
- Tested and debugged APIs using Postman and browser developer tools.
- Troubleshoot frontend, backend, API, and database issues during development.

Interest & Hobby

- Tech research & problem-solving
- Personal development
